premium stainless steel food containers

## Sandwich or Salad Size Model SE-560-W

These leak-proof stainless steel food containers are ideal for lunches, snacks and storage. Use them at work, for waste free lunch programs, while travelling, camping and more.

The 560 will fit a sandwich with room for a few veggies. It can also be used for salads, sushi and wraps. With this leak-proof design you can even bring yogurt, chili or curries in them.

Eco-friendly Steeltainers are an effective alternative to plastic or glass containers.
