

**O'Bon Tree-Friendly School Supplies**

Notebooks and pencils are a huge drain on tree supplies, but not with these non-toxic and eco-friendly finds. O'Bon's pencils are all made from recycled newspaper rolled tightly around graphite. Plus, they write cleaner, sharpen better, break less and last longer than the average pencil. The notebooks (available in small and medium sizes) are made from recycled cardboard covers and sugar cane pulp paper, and we love the bright, high-definition designs. Pencils \$5.99 for set of 10. Notebooks \$5 small, \$6 medium. Available at No Pirates Allowed, Papermoon, Scraps and online at [www.lavishandlime.com](http://www.lavishandlime.com).
